Dear Parent/Guardian,

As you know, Harrison Public Schools have been a leader in the school breakfast program efforts by serving breakfast "after the bell," during the first few minutes of the school day. Advocates for Children of New Jersey, which is leading the statewide school breakfast campaign, is surveying districts like ours to learn how these programs are working.

I am also very interested in your feedback on the implementation of this program and the benefits for students, parents and the entire school community.

So I am asking that you please take a moment to complete this online survey: [ACNJ School Breakfast Survey](#).

We are proud to be part of efforts to ensure that all our children receive the nutrition they need to concentrate, learn and succeed in school. We are collectively committed to providing our students with the best possible education. Your input on this important issue will help us to achieve that goal. If you have any questions about the survey feel free to contact Reggie Dorsey at rdorsey@acnj.org or [973-643-3876](tel:973-643-3876).

Thank you.

Sincerely,

James P. Doran
